

# Find Your Five & Share Your Plan

Identify **five people** who will become your trusted allies during a disaster or emergency. Your five allies are people that will check on you and that you can communicate with in an emergency so they know you are safe, or if you need help.

Do not depend on one person alone. Make sure some of the people on your list live close to you and have **at least one person who lives out of the area**. When you are creating your list of trusted allies, ask each person the best way to contact them. Explain what you are asking them to do for you during a disaster or emergency. Make sure they understand and agree.
